LEGAL ALERT

ISBE Issued Notice of Emergency Rules for Non-Public Special Education Program Funding

The Illinois State Board of Education (“ISBE”) has provided notice of an emergency amendment for Part 226 of the Illinois Administrative Code covering Special Education to add a new subsection to Subpart D that addresses nonpublic special education placement of public school students. These new rules allow all approved special education private facilities to continue to invoice school districts and requires school districts to continue to pay the per diem approved by the Illinois Purchased Care Review Board under Section 14-7.02 of the School Code during the duration of the Gubernatorial Disaster Proclamation and during the mandated shut down. It additionally states that ISBE will continue to reimburse school districts for all approved special education private facility expenditures. A copy of the rules can be found [here](#).
