

Medical Marijuana Licenses Awarded

On February 2, 2015, Governor Rauner announced the companies that would receive the State's coveted medical marijuana dispensary and cultivation center licenses. Rauner awarded 18 cultivation center licenses and 52 dispensary licenses. The Governor's office has held off on awarding 8 licenses for further review. There were 159 applications submitted for the available 22 cultivation center licenses and 214 applications submitted for the 60 available dispensary licenses. However, it will still take several months for the cultivation centers to get operations established and product grown. Below is a list of the successful applicants.

For more information about matters discussed in this issue, please feel free to contact Klein, Thorpe and Jenkins Ltd.
